NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken *to state* the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease: the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1250 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest officer to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of proper authority, sign the soldier's discharge, and the officers named on this paper; see that the soldier is furnished with the duplicate certificate in duplicate, and forward one of these certificates to the Adjutant General United States Army, at Washington, D. C., they will not, under any circumstances, be given to the soldier.

NOTES.

1. The amount of any extra pay for which the soldier may be mustered, as *Hospital Steward, Saddler, &c.*, and which may be still due him, must be carefully noted.

2. In the column headed "BOUNTY PAID," must be entered the whole amount hitherto paid him; in that of "BOUNTY DUE," the whole amount yet due him. Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

3. Stoppages for loss or damage done to arms, or other public property, must be noted, and the article, and particular damage, in each, specified. When stoppages are due, under sentence of a General Court-Martial, a transcript of the same must be entered here; and the amount already stopped, must be carefully stated.

4. In every case of desertion, the date, and the cause of delinquency, or condemnation, must be given, together with a correct transcript of the order for remission or pardon, if any.

5. A correct settlement of the man's CLOTHING ACCOUNT must be made, to date, and the amount DUE TO, or FROM him must be precisely stated.

6. Should the man have been engaged in any actions or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.

[A. G. O. No. 93.]

7. If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.

8. When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to that effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the master roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of the muster roll, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on the final statements from the fact that his descriptive list is lost or destroyed. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

9. Where a soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

10. Men drafted will be considered as mustered in from the date of their draft, and will be mustered for pay on the usual rolls for Volunteers. On the same line as the soldier's name, under the heading "Joined for Duty and Enrolled.—Commencement of First Payment by Time" will be written the word *drafted*; and under the heading "When Mustered in" will be given the date when the soldier was drafted, under "Where Mustered in," will be given the place from which drafted; under the heading "By whom Mustered in," will be given the No. of the Enrollment District from which he was drafted, and the State to which he belongs, thus: 4th *D. Mass.*, (meaning 4th Enrollment District, State of Massachusetts.)

11. A separate descriptive list should, as a general rule, be given for each man.

12. Descriptive lists must, in all cases, be signed by COMMISSIONED officers; not by enlisted men acting as such.

ARTICLES OF WAR.

ART. 93. When any non-commissioned officer or soldier shall die [illegible] in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Secretary of War, which said effects are to be accounted for, and delivered to the representatives of such deceased non-commissioned officer or soldier. And if any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted for the same with the representatives for the same, have occasion to leave the regiment or army by preferment or otherwise, they shall, before they be permitted to leave the same, deposit in the hands of the commanding officer, or other military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and duly delivered to their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

[illegible] Inventories of the effects of deceased non-commissioned officers and soldiers required by the 90th Article of War, will be rendered to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the commanding officer of the regiment. Arrearages of pay, clothing, &c., will be settled at the Treasury. When a soldier dies at a post or station where there is no Pay Department, the duty of his immediate commander will be the same as that of the commanding officer of the company to which the soldier belonged, a report of the name, place, and cause; to what time he was last paid, and the amount of effects in his possession at the time of his death, which must be noted on the next muster roll of the company to which he belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186–." If the heirs receive the effects, it will be stated in the report. If there were no effects, the fact will be reported.

[illegible] Should the effects of a deceased non-commissioned officer or soldier be administered upon within a short period after his death, they may be disposed of by a Council of Administration, which will be composed of the commanding officer of the post, and the proceeds paid over to the Paymaster, to the credit of the United States, until claimed by the legal representatives of the deceased.

[illegible] In all such cases of sales by the Council of Administration, a descriptive list, or account of the proceeds, duly certified by the president and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the sale of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ——— the —— day of ———, 186–."

[illegible] —The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased, before these inventories are sent to the Adjutant General, the receipt of the party should be attached to the inventories. In all other cases, the inventories will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

[illegible] —Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one returned by the officer.

It has this day (August 27, 1912.) been determined by this Department from the records that the above named man was mustered out of service March 31, 1865, on an individual muster out roll bearing that date, and that so much of the roll as purports to show that he was mustered out to date January 12, 1865, is erroneous.

VOLUNTEERS.

Enlisted on the 6th day of Aug 1862

NOTE 1.—*Two* of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by him officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his [illegible] Adjutant General, Washington, D. C.

I respectfully request that G. M Smith 1st Lieut and Regimental Quartermaster 13th Ky Vol. Inf. be Mustered out of service for the good of the service

Lt G. M Smith has twice tendered his resignation in consequence of the unsettled state of his accounts in the Quartermasters Department. the last tender was returned about the 24th day of April 1864 Dis'approved but granting him the privilege of remaining in Knoxville a reasonable length of time to make up and correct his returns. As I think he has had a reasonable length of time for that purpose, and has not yet reported for duty I think it for the good of the Service that he be mustered out. he has done no duty with the Regiment since June 9th 1863 Respectfully

Sir

I have the honor to apply for an order to proceed to Knoxville Tenn. & return without delay, to obtain the returns of my Battery, which I left at that place upon coming to the Field in July, from fear of loss or inability to transport them.

It is now imperatively necessary that I should have them as references in making certain Consolidating & Explanatory Returns required by the Quartermasters General.

The papers are of too much importance to me to risk to Carriage by Express

Very Respectfully
Your Obedient Servant

FINAL STATEMENT

OF

Private John F. Smith

13th Reg't of Ky Vol Infty

C. D

VOLUNTEERS.

Date Aug 25. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to compose a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary for a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgement as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

(Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to use particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, hypochondriasis, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then sign and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a command, to the corps, department, or other commander or officer upon whom the authority to discharge enlisted men may be specially conferred.

The certificates, after having received the action of the highest authority to which they are required to be sent, will be returned to the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last remarks on this paper; see that the soldier is furnished with the descriptive statements in duplicate, and forward both of these certificates to the Assistant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or augmented; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate and remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or attending surgeon, having such knowledge, will be sufficient. Where a man is in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a *probable* case for *pension*, *special care* must be taken to state the degree of disability—as ½, ¼, &c.—describe particularly the disability, wound, or injury, the extent of which it deprives him of the use of the limb or country, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the character or grade of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and the disability, the nature, degree, and origin of which are correctly described in the written certificate."

DIRECTIONS.

This certificate will be made out in *duplicate* by the surgeon who performs the operation of discharge, or the officer commanding the detachment, and sent by him to the commanding officer of the regiment, where the soldier is to be discharged. The commanding officer will enter on the surgeon's certificate, and sign, the name of the hospital, detachment, or post commanded by him, with his action endorsed thereon, and forward the original, with his own certificate, to the division commander, or, if the troops are not in divisions, to the corps, department, or other commander, by whose authority the discharge enlisted men may be given.

These certificates, when having received the action of the proper authority to which they are required to be sent, will be returned to the regiment, to which

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid the judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, *&c.*, *&c.*

NOTE 2.

When a *probable case for pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will [illegible] from the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially empowered.

The certificates, after having received the action of the highest authority to which they are required to be sent, will be returned to the regimental, post, or detachment, [illegible] by the surgeon [illegible] with the [illegible]

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he [illegible] should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing accounts, and [illegible] so as to comprise a complete record of the [illegible]. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's descharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that the descriptive list is incomplete. These accounts for back pay, &c., are settled by the 1st Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statements, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service his descriptive list, if on hand, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

I, James G. Taylor, of Adair County, Kentucky being duly sworn, depose and say: That my son, George O. Taylor was enrolled into the service of the United State on eighth January, 1863 in the 13th Kentucky Infantry Volunteers; that at that time my said son was only fourteen years of age; that I gave my consent to his enlisting with the understanding that he was to be mustered out with the said regiment; that he has continued in the service since said date of enlistment; that his regiment has been mustered out of service, and that my said son was retained in the service in violation of the promises upon which my consent was obtained; and that I make this declaration for the purpose of having him discharged. I further declare on oath that I have been in no way engaged in, nor aided or abetted the present Rebellion in the United States.

Dr J. G. Taylor

Columbia Ky.

Dear Sir:

After much delay, I have seen and laid before the Secretary of War, your letter to me of the 21st Jan. and explained to him fully the case of your son G C Taylor. The Secretary placed in my hands, to forward to you, an envelope with your letter enclosed, and made and signed on the envelope, an endorsement, directing the Provost Marshall of Ky. to investigate the facts stated in your letter, and if true, "to discharge the boy" your son. The Secretary told me that an affidavit to the truth of the statements made

in your letter, was all that was necessary for the discharge of your son. And no doubt your own affidavit will be altogether sufficient, without other evidence. I send you herewith, the envelope with your letter therein, as handed to me by the secretary.

I owe you an apology for the unavoidable delay in this matter which I regret. After the receipt of your letter, I was sick & could attend to no business for a few days. I had a great press of business matters on hands — and for the last several weeks the press of business at the Principal Departments has been so great, that you frequently had to go day after day, before you could obtain an interview with the President or Secretary of War. The only time I could devote to such business, was during the mornings, having to be at the sessions of the House, beginning at the hour of 12 o'clock. I have, however, got your sons case in its present shape as early as I could, under the circumstances.

I hope he will soon be with you at home. You have certainly (from the facts stated in your letter) contributed your full part, and more, to sustain the war — And in strict justice you ought not to be required, either to furnish

to furnish any more soldiers, or pay any more tax to support them —

I send you one of my speeches —

very respectfully
your obt svt

Hon A Harding

Dear Sir

My Son George O Taylor was taken into the army of the United States as a Volunteer recruite to the 13th Ky Redgiment of Inft Vol. He at that time was only fourteen years old, I gave my Consent with the understanding that he would be mustered out with the Redgiment: he has been in the Service a little over two years, and is now but a little over sixteen years old. The Redgiment has been mustered out, and the boys have come home and left George behind in Louisville he is retained in the Service in violation of a promise made to me by the recruiting officer, and without my Consent. "

As to my loyalty you can judge from the following. I had but three Negro men all young and likely, they wished to go into the Service and I not only gave my Consent, but gave them Money to bear their expenses to Lebanon and Louisville to enlist, they are all now in the Service and have been since last June.

health, and since he has been left behind
is depressed in Spirit, please to aid me.
if you think it would advance the cause
any, you can show this to the Secretary
of War.

Your Humy Respectfully

Major

I have the honor to ask for a leave of absence for thirty days, for the following reasons.

I have been in the service over two years and when I joined the army I left no one at home but my wife and little children to attend to their wants. Since that time they have been surrounded with by the Confederate Soldiers who occupied my position for the last six months.

My wife is in very bad health.

Our children have all had the measles, and both mother and children are almost helpless.

My father at present is at the point of death.

Our business is involved upon me on account of his old age and under the present circumstances I am compelled to ask my time or leave of absence or tender my resignation.

I would prefer a leave of absence rather than resign my position in the army.

The duties of Capt Thompson as a practical stock raiser & farmer from his home which under it doubtful whether he can obtain a substitute for him & he is an important & influential member of society, that although an application from him for a leave of absence would be unusually disagreeable to me I am entirely satisfied that the interests of the service demand that he should be granted a leave of absence for the time stated in his application & that he is entitled to the favorable consideration of the Department.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or exposure of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury occurred or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, proximate or remote, of the disability, and the circumstances attending it.

If the facts are not known to the company commander, the statement of any officer, or affidavit of other person having knowledge, will be appended—as the surgeon in charge of hospitals, the officer commanding a detachment of recruits, &c.

NOTE 2.

In a probable case of pension, special care must be taken to state the degree of disability—as ½, ⅔, &c., dec.; or whether the disability, wound, or disease, has deprived the man of the use of a limb, or of sight, strength, activity, constitutional vigor, &c. The surgeon, from his knowledge of the facts and circumstances in the case, has professional opinion of the disability. In the case of contagious diseases, the last examination will state whether the man is free from infection; for example, the person, clothing, &c., are correctly described in the certificate.

Instructions, June 1864.

Certificates of disability, are to be given in those cases that have not been under the supervision, convenience, observation of the surgeon, as in urinary organs, eruptions, and other diseases liable to be feigned or purposely produced. In no case shall such certificate be given without personal inspection and examination to detect any intentional deception.

DIRECTIONS.

This certificate is made out in duplicate by the soldier's company commander, and accompanying the accurate description of the case, is to be given to the surgeon who has charged the soldier. The surgeon will retain the original for his own files, and forward the duplicate, by the first mail, to the Adjutant General of the Army, at Washington, D. C., who will cause the same to be recorded, and return it to the commanding officer of the regiment to which the soldier belongs, to be given into the hands of the soldier, when he is discharged from the service, or transferred to a division, corps, or department, the commander of which has the authority to discharge the soldier.

When the soldier has received the action of the honorable Secretary of War, he is required to be sent, with the original certificate, to the superintendent of the nearest pension agency, by whom he will be informed of the manner in which his claim is to be prosecuted, and furnished with the necessary blanks. The Adjutant General of the Army, at Washington, D. C., will also, on receipt of the duplicate certificate, be given into the hands of the soldier,

3 Reg. Recd

[redacted] 3, Gen. Hosp. No II,
Louisville, Ky., Sept 24, 1863.

Respectfully returned.

Private Thompson, who has been on duty in this Hospital, as one of the Chief nurses, for more than 18 months, suffers with chronic affection of liver and spleen (marked, occasionally, by enlargement of both these organs.) Even the daily duties of the sick and wounded, sometimes prove too much for him, or, rather, from causes not well understood, every now & then he suffers an attack resembling in its symptoms 6 one or both of the organs just named. The last attack (from which he has just recovered) found him looking like a man who had been ill for weeks - & was complicated with some trouble in the urinary organs - more especially in the kidneys and ureters. Retire Service in the field for two such months and him to hospital for the remainder of his term of Service. Moreover, he is a most efficient and capable nurse (despite the drawback of his occasional illness) whose services are, at this time, indispensable.

The delay in the return of these papers, arises from their having been accidentally mislaid.

A. A. Surgeon, U.S.A.,

Will you be so kind as to give me information of Chief wagon master Wm. Townsend to whom I gave Two vouchers, one calls for $20.00 the other $200.00. I receipted the vouchers on the 17. Jan/64 and gave them to him that day for collection. I have not seen or heard of him from that day to this, owing no doubt to the sudden fall-back from Dandridge which took place the 18.th the day on which he was intended to return from Knoxville with my money. I have confidence in him as an honest gentleman but something may have befallen him & therefore will be very much obliged to you for any information you can give me on this subject.

Yours respectfully
William Harrison
